

Here is this week's Flora report. To contribute, send Lisa (lisal Gould@gmail.com) your observations, including common name, scientific name (if possible), place observed (locale, town, county), date observed, stage (e.g., in bloom, in fruit, leaves only, etc.), and observer's name. Please report only for the following counties: Alamance, Caswell, Davidson, Davie, Forsyth, Guilford, Montgomery, Randolph, Rockingham, Stokes, Surry, and Yadkin.

Please include only plants that are in the wild (native or naturalized)—NO garden plants; species with an asterisk (*) are not native to our area but have naturalized here.

Nomenclature is from *Flora of the Southern and Mid-Atlantic States*, Working Draft of 15 May 2011, by Alan S. Weakley, UNC Herbarium, Chapel Hill NC. Available as a pdf from: <http://www.herbarium.unc.edu/flora.htm>

The attached photo of Violet Wood-sorrel is by Phil Dickinson.
